Headwaters Ranch

HEADWATERS RANCH (HWR) is an exceptional recreational ranch that supports an abundance of wildlife habitat/vegetation and lies in the upland territory of the Sandy Fork Creek area. An untamed seasonal creek system meanders through the ranch and creates an exceptional and natural wildlife sanctuary. Up above, on the hilltops of the HWR one's eyes can see as far as they will allow. 180 degree views stretch across the horizon and provide that "FREE FROM IT ALL" feeling once you arrive at Headwaters Ranch. This ranch is located at the end of a gravel, county-maintained road and has zero drive by traffic. Dark night skies filled with big bright stars by night and endless views with big blue skies by day!
